

## ExOfficio Garment Care

### GENERAL GUIDELINES:

- Proper care will add years to your travel clothing.
- Be sure to follow label guidelines when caring for garments.

### SYNTHETIC FABRICS:

- Synthetic fabrics are sensitive to heat. If you need to use an iron, be careful. Use low heat or fabric might melt or shrink.
- Synthetic fabrics wash easily and dry quickly.
- To remove grease or oil stains, apply liquid detergent and allow it to soak in prior to washing.
- Dry cleaning is best for bad stains.
- Tumble dry on low heat or line dry.

### NATURAL FABRICS: (COTTON)

- Cotton creases when washed, wrinkles when worn, and will need considerable ironing - yet it is by far one of the most comfortable fabrics.
- Cottons are not colorfast, so wash these items separately when new.
- Cotton also tends to shrink when washed, but can be pulled back into place after washing.
- Contact with acids (such as fruit juice) can weaken cotton if left for long periods of time. Wash out any staining immediately.

### GIVE-N-GO UNDERWEAR

- Please visit [www.exofficio.com/underwear](http://www.exofficio.com/underwear) for details on caring for our famous underwear.

## Instructions for care of your ExOfficio Give-N-Go® Underwear for Men and Women

1. Wash with soap in a sink or bathtub.
2. Wring it out.
3. Lay it flat on a dry towel.
4. Roll up towel and underwear like a burrito.
5. Stomp on it.
6. Hang to dry in a well-ventilated area.
7. Dries in 2-4 hours, depending on humidity.
8. Wear and repeat.
